

REMARKS

The above amendments and these remarks are responsive to the final Office action dated November 29, 2007, and are being filed as a response after final under 37 C.F.R. § 1.116. Claims 41, 43–60, 62–64, and 96–100 are pending in the application prior to entry of the present amendments to the claims, with claims 47 and 54 being withdrawn from consideration. In the Office action, the Examiner (1) objected to claims 45 and 58, while indicating that the two claims would be allowable if rewritten in independent form; (2) allowed claims 96, 99, and 100; and (3) rejected claims 41, 43, 44, 46–53, 55, 56, 59, 60, 62–64, 97, and 98 under 35 U.S.C. § 103(a) as being obvious over U.S. Patent No. 5,314,485 to Judet (“Judet”).

Applicants traverse the rejections, contending that all of the claims are patentable over the cited reference. Nevertheless, to expedite the issuance of a patent and to more particularly claim aspects of the invention that applicants would like to patent now, applicants have (1) canceled claims 43, 45, 53, 97, and 98, without prejudice; (2) amended claims 41 and 44; and (3) added new claims 101–156. However, applicants reserve the right to pursue any of the canceled claims and/or the amended claims, in original or previously presented form, at a later time. Furthermore, applicants have presented remarks showing that all of the claims are patentable over the cited reference. Accordingly, applicants respectfully request reconsideration of the application and prompt issuance of a Notice of Allowance covering all of the pending claims.

I. Claim Rejections – 35 U.S.C. § 103

The Examiner rejected claims 41, 43, 44, 46–53, 55, 56, 59, 60, 62–64, 97, and 98 as being obvious over Judet. Applicants traverse the rejections, contending that all of the claims are patentable over the cited reference. Nevertheless, for the reasons set forth above, applicants have amended the claims in accordance with the subject matter deemed to be allowable in the Office action, as described below.

II. Allowed and Objected to Claims / Claim Amendments

The Examiner (1) objected to claims 45 and 58, while indicating that the two claims would be allowable if rewritten in independent form, and (2) allowed independent claims 96, 99, and 100. In response, applicants have (1) rewritten claim 45 in independent form (by amending independent claim 41), and (2) added new dependent claims, based on existing claims, that depend from and further limit allowed claims 96, 99, and 100.

The present communication amends independent claim 41 to correspond to objected-to claim 45 rewritten in independent form. Specifically, claim 41 has been amended to include all of the limitations of claim 45 and intervening dependent claim 43. Therefore, amended claim 41 should be allowable. Claims 44, 46–52, 54–60, and 62–64, which depend from claim 41, should be allowed for at least the same reasons that amended claim 41 is allowable.

The present communication also adds 56 new claims that depend from allowed claims 96, 99, and 100. Claims 101–118 depend from claim 96, claims 119–137 depend from claim 99, and claims 138–156 depend from claim 100. Therefore, each of claims 101–156 should be allowed for at least the same reasons as claim 96, 99, or 100.

The present communication cancels the following claims, without prejudice: dependent claim 43, 45, and 53, and independent claims 97 and 98.

Claims 47 and 54 were withdrawn in response to an earlier election requirement. Applicants respectfully request that these claims be reinstated, because they depend from and are covered by allowable amended claim 41.

The status of the each claim currently or previously pending in the application is listed, without limitation, in the following table:

If there are any questions regarding this communication, or if a telephone interview would

in any way advance prosecution of the application, the Examiner is encouraged to contact the undersigned attorney of record, James R. Abney, or his associate Stanley M. Hollenberg (Reg. No. 47,658), both at the telephone number listed below.
